## About me

---

I am a motivated and skilled professional in front-end development with a Bachelor's degree in Computer Science. As an AWS Certified Cloud Practitioner, I have demonstrated my understanding in cloud computing and the ability to leverage the AWS Cloud to improve business operations. With a passion for technology and a commitment to continuous learning, I bring strong sense of responsibility and innovative mindset. In addition, coming from multicultural background, I am confident that I can communicate and collaborate effectively with diverse individuals to deliver high-quality technological solutions.
